## **Affiliated Power Purchasers International (APPI)**

The APPI Energy Savings Program provides commercial and industrial business with solutions to reduce and manage energy costs. APPI offers a simple process with significant rewards for a minimal time commitment. This program includes individualized analyses of energy accounts and is more advisory in nature; you will not receive a hard-sell. There are no upfront costs or fees. APPI reviews your energy usage, researches the best rate for your business, and explains the process to you. Remember that your energy costs include natural gas as well as electricity; APPI can help you manage the cost of either source of energy. APPI Energy is pleased to announce a new referral program that adds even more value for your members. This program rewards members that refer colleagues. Contact **Jane Seagraves** at [JSeagraves@appienergy.com](mailto:JSeagraves@appienergy.com) or **800.520.6685** for more information.

## **360PA Media Solutions**

360PA Media Solutions helps your business stand out online by visually showing off and creating engagement with your audience.
